EDUCATION

Vellore Institute of Technology, Chennai Campus

Bachelor of Technology in Electrical and Electronics

Chennai, TN

Sept. 2022 – May 2026

IIT Madras

Foundation in Data Science and Programming

Chennai, TN

2023 – 2024

EXPERIENCE

Platform Solutions Intern

June 2025

Sutherland Global Services

India

- Developed a folder-based file sharing platform using Next.js, TailwindCSS, and SQLite via Prisma ORM.
- Implemented nested directories, upload/download/delete functionalities, and public file access.
- Emphasized minimal UI, secure storage, and scalable backend design for internal use cases.

Summer Industrial Internship

July 2023

Planning and Infrastructural Development Consultants Pvt. Ltd.

India

- Contributed to frontend development using React and TypeScript for an internal company portal.
- Helped migrate legacy JavaScript components to TypeScript for better type safety and maintainability.
- Automated minor repetitive development tasks using Git hooks and simple scripts.

PROJECTS

MailStorm – Cold Email SaaS Tool | *Next.js, TypeScript, DeepSeek API, Gmail API, BullMQ, Redis*

2025

- Built a personalized cold email platform for job seekers and small businesses with OAuth-based Gmail API integration.
- Used DeepSeek API for AI-generated email templates; tiered sending via BullMQ/Redis for variable-delay queuing.
- Integrated Razorpay for credit-based pricing and created a responsive dashboard with campaign and progress management.
- Utilized Prisma ORM and TailwindCSS/Shadcn to ensure scalable architecture and modern UI.

PrintMaxxing | *Next.js, TypeScript*

2024

- Developed an e-commerce application to facilitate printout deliveries for students and faculty at VIT.
- Created a cross-platform application ensuring accessibility across various devices.
